

# Veterans Heritage Workshop

## Mildura

### March 2012

This workshop is a free one-day event for RSL memorabilia officers and volunteers from Victorian community organisations which care for veterans heritage collections. It is designed to increase the skills and knowledge of volunteers and help them preserve this important cultural material for future generations.

Museum professionals will address common questions such as:

- What is the right way to store objects and documents?
- How can fragile objects be protected?
- What is the safest way to display material without damaging it?
- How should we catalogue our collection?

At lunchtime there will be an opportunity to mix with representatives from heritage organisations from the region and learn from each other.
